

How to become a library member

1. You can easily become a member with your **academic ID in one step**. Most members of the polytechnic community are already pre-registered in the library system, so:
 - Visit the Library area (service desk) or
 - Send a request to the [Ask a Librarian](#) service, selecting "Loan" as the Help Topic, state that you want to obtain a Library Card, and attach both sides of your academic ID (pass).
2. In case **you are not a library member**, and **do not have an account then**: Select the [New library user registration](#) link that you will find at the right of the website page.

3. Enter your personal information in **CAPITAL LETTERS** and press "**Submit**".
